CORSAIR

Embargo Date	1-Nov-18
First Customer Ship Date	11-Oct-18
Product Etail Title	CORSAIR Hydro Series, H100i RGB PLATINUM, 240mm Radiator, Dual ML PRO 120mm RGB PWM Fans, Advanced RGB Lighting and Fan Control with Software, Liquid CPU Cooler ⬚
Product Title	CORSAIR Hydro Series H100i RGB PLATINUM Liquid CPU Cooler
Product Name	CORSAIR H100i RGB PLATINUM
Pre-Order Option	No
Product Imagery	Photography

Overview
25 Word Product Description

The CORSAIR Hydro Series H100i RGB PLATINUM is an all-in-one liquid CPU cooler with a 240mm radiator and vivid RGB lighting that's built for extreme CPU cooling.

Overview
50 Word Product Description

The CORSAIR Hydro Series H100i RGB PLATINUM is an all-in-one liquid CPU cooler with a 240mm radiator and vivid RGB lighting that's built for extreme CPU cooling. Equipped with 24 individual RGB LEDs and a pair of CORSAIR ML PRO RGB 120mm PWM fans, the H100i RGB PLATINUM delivers the best-ever Hydro Series cooling, pairing killer looks with chiller performance.

Overview
100 Word Product Description

The CORSAIR Hydro Series H100i RGB PLATINUM is an all-in-one liquid CPU cooler with a 240mm radiator and vivid RGB lighting that's built for extreme CPU cooling. Equipped with 24 individual RGB LEDs H100i RGB PLATINUM offers a wealth of RGB lighting options via CORSAIR iCUE software. Two CORSAIR ML PRO RGB 120mm PWM fans run between 400 to 2,400 RPM, alongside an optimized cold plate and pump design that delivers the best-ever Hydro Series cooling. Easy to install and compatible with all major CPU sockets, the H100i RGB PLATINUM pairs killer looks with chiller performance.

Features and Benefits

CORSAIR

Features and Benefits

Style 1

- Two 120mm ML PRO Series RGB magnetic levitation PWM fans deliver a blast of color and improved airflow for extreme CPU cooling performance.
- 16 Individually controlled RGB LEDs light up the pump head to produce stunning, customizable lighting effects to match your build.
- Experience the best ever CORSAIR Hydro Series cooling performance, with each fan running from 400 to 2,400 RPM.
- CORSAIR iCUE software allows you to control your cooler's RGB lighting, monitor CPU and coolant temperatures, and adjust fan and pump speeds, all from a single intuitive interface.
- Thermally optimized cold plate and low-noise pump design for high performance, quiet cooling.
- 240mm radiator with an expanded radiator core improves cooling surface area and performance.
- New Zero RPM cooling profile in CORSAIR iCUE software allows fans to stop entirely at low temperatures, eliminating fan noise.
- Modular, tool-free mounting bracket for quick and painless installation.

Style 2

- **RGB Magnetic Levitation Fans:** Two 120mm ML PRO Series RGB magnetic levitation PWM fans deliver a blast of color and improved airflow for extreme CPU cooling performance.
- **Dynamic Multi-zone RGB Backlit Pump:** 16 Individually controlled RGB LEDs light up the pump head to produce stunning, customizable lighting effects to match your build.
- **Extreme CPU cooling:** Experience the best ever CORSAIR Hydro Series cooling performance, with each fan running from 400 to 2,400 RPM.
- **Powerful Software:** CORSAIR iCUE software allows you to control your cooler's RGB lighting, monitor CPU and coolant temperatures, and adjust fan and pump speeds, all from a single intuitive interface.
- **High Performance Cold Plate and Pump:** Thermally optimized cold plate and low-noise pump design for high performance, quiet cooling.
- **240mm Dual Radiator:** Expanded radiator core improves cooling surface area and performance.
- **Zero RPM Mode:** Zero RPM cooling profiles in CORSAIR iCUE software allow fans to stop entirely at low temperatures, eliminating fan noise.
- **Easy to Install:** Modular, tool-free mounting bracket for quick and painless installation on all major CPU sockets.

Tech Specs

•Coldplate Material:	Copper
• Radiator Dimensions:	277mm x 120mm x 27mm

CORSAIR

•Radiator Material:	Aluminum
•Fans included:	2x ML120 PRO RGB PWM Fans
•Fan Max Speed:	2400 RPM
• Fan Dimensions:	120mm x 25mm
•Tubing Material:	Low Permeation Rubber with Black Sleeving
•Fan Airflow:	75 CFM
•Fan Static Pressure:	4.2 mm-H2O
•Fan Noise Level:	37 dBA
•Lighting:	ARGB
•Cooling Socket Support:	Intel 115x, Intel 1366, Intel 2011/2066, AMD AM3/AM2, AMD AM4, AMD FM1/FM2, AMD sTR4
•Warranty:	5 Year

Box Contents

- Hydro Series H100i RGB PLATINUM Extreme Performance Liquid CPU Cooler
- Mounting kit for most modern CPU sockets
- Two ML PRO RGB Series PWM 120mm fans
- Fan and radiator mounting screws
- USB 2.0 motherboard header cable
- Thermal compound (pre-applied)
- Quick Start Guide
