

HP K3010 Keyboard (P0Q50AA)

Overview

HP's Wired Keyboard K3010 provides a modern approach to computer control fundamentals - with designated function keys for Windows 10 access.

Classic streamlined efficiency

No hunting and pecking with large format chiclet-styled keys within a full streamlined keyboard provide a comfortable and user-friendly experience.

Keys with purpose

More than just typing, the keyboard provides special function keys to allow for easy multi-media control and access to Windows 8 Charms Bar, Switch List, and more.

Features

Number entry simplified

The keyboard's numeric keyboard is designed for quickly entering numbers and calculations within spreadsheets or financial programs – including optional document control keys.

Versatile compatibility

The HP Wired Keyboard K3010 works with most computers and tablets using a Windows operating system^[1].

Sleep and save

Quickly power up and down with the keyboard's energy-saving sleep function key.
