

Goldtouch Travel Go Bluetooth

Correct position: easily adjustable to any desired angle

Ergonomic: short reaching distance to mouse, almost noiseless typing, large space bar

Mobile: compact size, completely foldable

Wireless: Bluetooth technology makes it easy to connect to all mobile devices

Rechargeable: battery lasts an average of around 32 days and takes about 5 hours to recharge

Health & Safety Regulations

Upper limb musculoskeletal discomfort ratings showed some significant improvements with the use of the adjustable keyboard by the end of the study (Hedge, et al, 2002).

Specifications

Dimensions:	343 x 25 x 143 mm (W x H x D)
Weight:	500 g
Product code:	BNEGTTBUS

Research

A compact keyboard does not have a numeric pad. For this reason, the mouse can be placed closer to the keyboard. Research has shown that 90% of keyboard users seldom if ever use the numeric pad. Working with a compact keyboard results in greater comfort because it reduces the reaching distance to the mouse (Cook, C., et al., 1998). This puts less strain on the shoulder and forearm. Dark letters on a light background make them easier to read (ISO 9241), and contribute to increased productivity (Snyder, 1990).
