Businesses increasingly require high productivity and lower operating costs from their printers...

Fast, professional-quality printers with lower operating costs

Most businesses and small and home office (SOHO) companies increasingly require high productivity and lower operating costs from their printers. These businesses need printers that also are easy to use and versatile for printing a range of documents and presentations.

Samsung ProXpress M4020 / 3820 series are ideal for every business environment with the following features, which further assist businesses' productivity and efficiency:

High-speed performance with professional results. ProXpress M4020 / 3820 series have high print speeds of up to 40 ppm (pages per minute) with 256 MB memory for A4-size documents¹. Samsung Rendering Engine for Clean Page (ReCP) technology produces sharp text and clear images on a range of media sizes and weights.

Cost efficiency. Eco Solution with One Touch Eco Button and Easy Eco Driver and job accounting features can help reduce paper, toner, and energy consumption. A wide range of toner cartridges supporting different printing volumes aids in lowering the total cost of ownership (TCO).

Versatility. Built-in duplex (printing on both sides of the page), convenient mobile printing options³ are available. The printers feature enterprise-level security, which offers greater control of user, document, and network access.

Ease of use. Easy Printer Manager for smooth printer operation.

High-performing printers with improved print quality and speed

Print with exceptional speed and superior quality

High speed printing

Robust ProXpress M4020 / 3820 series feature print speeds of up to 40 ppm, powered by a Cortex™-A5 core processor and up to 256 MB of memory.¹ High speed and performance enable businesses to accelerate document and image processing for increased efficiency.

Samsung ProXpress M4020 / 3820 series help businesses print complex documents and heavy media types without sacrificing processing and printing speed and professional-quality results.

Higher-quality print output

ReCP technology improves readability of printed documents by enhancing thin lines and sharpening the edges of negative text. The ProXpress M4020 / 3820 series deliver sharp, solid prints with effective output print resolutions of up to 1,200 x 1,200 dpi.

Additional printing choices for professional documents

The printers' multipurpose tray supports media of up to 220 gsm (grams per square meter) in weight, which offers more printing choices for professional documents. Numerous labels, cards and envelopes can be printed using the multi-purpose tray with ease. This ability virtually eliminates the time it takes to feed sheets one at a time.

Control costs and save toner and paper expenses

Reduce operating expenses with economical features and solutions

Professional Eco Solution

One Touch Eco button

Businesses can lower toner and paper usage with the One Touch Eco Button. The One Touch Eco Button automatically activates 2-up printing (two pages on the same side) and duplex printing (printing on both sides). Users can also choose the option to skip blank pages in the toner saving mode. These eco settings can be adjusted using Easy Printer Manager.

Easy Eco Driver

Easy Eco Driver software, granted the 2012 Outstanding Achievement in Innovation award from Buyers Laboratory (BLI), saves users up to 20 percent on toner. The software also reduces energy consumption. Users have the option of removing images, converting them from bitmap to sketch, and removing text to save toner using the Toner Saving Mode.

Central print usage control to save more resources

Central Print Usage Control, activated through the SyncThru™ Admin Job Accounting feature, enables managers to assign users to specific printers. Users can also be assigned quotas for the number of pages or copies they can make per printer.

More laser toner cartridge options, more choices for cost reduction

ProXpress M4020 / 3820 series offer diverse laser toner cartridge options from standard-yield laser toner cartridges that typically yield 3,000 standard pages to ultra-high yield laser toner cartridges that can yield 15,000 standard pages, which meets every businesses' needs for reducing cost per page².

An integrated toner system contains the imaging unit and toner cartridge in one convenient package. This integrated toner system is the preferred choice for businesses with a heavier printing volume who require a lower CPP and easier maintenance.

More flexible document handling and greater mobility

Improve productivity with versatile features from duplex printing to security

Built-in duplex printing

ProXpress M4020 / 3820 series provides professional two-sided documents, brochures, and booklets with ease, which can also help save money and reduce paper use.

Convenient mobile printing* optimized for various business environment

Samsung MobilePrint application helps employees wirelessly print from their mobile devices. Users do not need to install a new driver or configure network settings. Office workers can simply download the MobilePrint application from the Google Play store for Android™ and the Apple Store® for iOS®.

After downloading the application, the mobile device automatically detects nearby, compatible Samsung printers. The ProXpress M4020 / 3820 series³ can handle almost any type of file, including text documents, images and web pages.

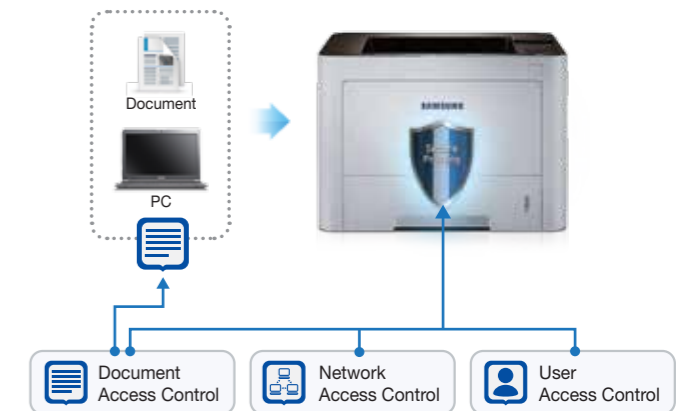

* Mobile printing is available if connected to a wireless router.

Users can also access printers from a Google account using the Google Cloud Print™³. Emails, photos, PDF files and SNS messages, such as Facebook® and Twitter® posts, can be printed, faxed or shared. Google Cloud Print³ works on smartphones, tablets, notebooks, PCs and other web-connected devices.

Enterprise-level document security

Businesses produce and print numerous official documents including confidential information, which requires high security on the printing jobs. ProXpress M4020 / 3820 series offer greater control of user, document and network access with Samsung SyncThru™ Admin at the enterprise security level.

- Network Access Control**
 - SSL

Easy Printer Manager helps companies remotely control settings, such as the One Touch Eco Button features. Multiple devices can be monitored and managed using Easy Printer Manager. Businesses can also monitor printer status, such as error messages, including paper empty, toner empty and paper jam alerts.

-  Checking Product Lists
-  Configuring Products
-  Setting and Activating Alarms

Easy secure printing

ProXpress M4020 / 3820 series feature easy secure printing with built-in numeric key pad⁴, which allow users to protect personal or confidential documents. When the feature is on, users are required to enter password in order to proceed the print job.

Easy connection

Users can print wirelessly from mobile devices, such as smartphones, tablets, and PCs. Wi-Fi Direct connection allows devices connected to the available Samsung ProXpress printers around even without an access point or Wi-Fi router.

* Mobile printing is available on M4020 / 3820 models only if connected to a wireless router.

Lower TCO with cost-efficient printers designed for speed and ease of use

Conclusion

ProXpress M4020 / 3820 series provide high performance with print speeds of up to 40 ppm¹. The printers produce professional-quality printouts with more reliable paper handling, and support a range of media types, up to 220 gsm.

Along with the better print management, companies can achieve greater cost efficiency through lower toner costs based on higher cartridge yields, duplex printing, eco features and better print and copy management.

ProXpress M4020 / 3820 series provide versatility with the built-in duplex printing, mobile printing and enterprise-level security feature.

With convenience features, such as Easy Printer Manager and secure printing, ProXpress M4020 / 3820 series help improve the printing and management process.
