

## RXVCam10

The **AudioCodes RXVCam10 is a personal webcam** ideally suited to today's dynamic and collaborative workplaces. Its real-time video brings meetings to life, ensuring that every participant can see and be seen with exceptional clarity. The RXVCam10 perfectly complements the uncompromising quality assured by AudioCodes' unified communications (UC) solutions, ensuring seamless integration into the One Voice portfolio.

The AudioCodes RXVCam10 enables high-quality video through any computer. It supports 1080p Full HD real-time video through a 2 megapixel CMOS sensor for exceptionally sharp images in any situation, from direct sunlight to low light levels. The RXVCam10 is compatible with all unified communications platforms, including Microsoft Teams, Skype for Business and Zoom. No matter where workers are physically located, the RXVCam10 is super-quick to install via USB and to mount easily and securely on a monitor or laptop.

**High-quality video through any computer, supporting 1080p Full HD real-time video through a 2 megapixel CMOS sensor for exceptionally sharp images in any situation**

Supports 1080p Full HD video at 30fps

USB 2.0 port offers plug-and-play setup, no software download/ installation needed

Compatible with all UC platforms, apps and softphones

## Features

- ✓ Exceptional clarity for productive workplace collaboration
- ✓ Works in all lighting conditions, from direct sunlight to low light
- ✓ Seamless integration with AudioCodes' UC portfolio
- ✓ Straightforward to mount and set to the desired angle
- ✓ Lightweight and easy to carry for remote and office workers

### Specifications

<b>Image Sensor</b>	High-quality CMOS sensor
<b>Effective Pixels</b>	2MP, 16:9
<b>Video Compression</b>	MJPEG, YUV2, H.264, H.265
