To install the iPad® or iPad Air® tray, remove the pre-installed tray mounting screws.

▶ Remove the four mounting screws to swap mounting trays if required.

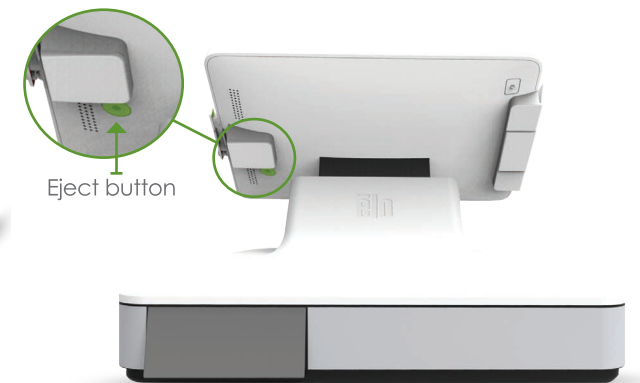

▶ Ensure the Lightning® connector cap is pulled out before installing the iPad®.

▶ Install the iPad® by inserting the top side first and then Lightning® connector side.

▶ Press the Lightning® connector plug into the tray and fasten locking screw if desired.

▶ To eject the iPad® from the dock, pull the Lightning® connector cap out first and then press the eject button to remove your device from the dock.
