15" RackMount Console

KVM-0115

H/W Version: 1

An Ideal Solution for Complete KVM Management

LevelOne announces the release of KVM-0115 and KVM-0117 KVM RackMount Console that incorporates a display with keyboard and trackball to manage the remote servers.

Multiple Input Interfaces

The LevelOne KVM-0115 and KVM-0117 provides the most economical and convenient server management-solutions available in today's competitive network management markets. Equipped with an integrated PS/2 and USB interface to control workstations through its integrated keyboard, touchpad and TFT display the KVM management switches provide full management access to server farms and other systems connected.
Bright Active Matrix TFT Display

The KVM-0115 and KVM-0117 KVM RackMount Console are available with either a 15 inch or 17 inch bright active matrix TFT display. With high resolutions display of up to 1024x768 on the 15 inch KVM-0115 and 1280x1024 on the 17 inch KVM-0117 LCD Drawers, system and server status can easily be monitored and managed from the TFT display.
Quick and Easy Installation
The LevelOne KVM-0115 and KVM-0117 also feature a unique 1U rack-mountable dual-rail design for easy installation and quick access in server control rooms or in a remotely controlled location.
