TSP654IISK Linerless Label Printer

star

Linerless label printer for variable length repositionable labels with paper taken sensor

The Star TSP654IISK is a cost effective, eco friendly direct thermal linerless label printer for printing repositionable food and allergy labels, food and drink orders and bag labels as well as product labels for retail and logistics.

With a fast print speed and compact design, the TSP654IISK prints high resolution text and graphics on linerless Maxstick media on 40mm, 58mm or 80mm roll widths, significantly reducing paper wastage and media costs. The TSP654IISK also offers a high quality anti-jam guillotine cutter and paper taken sensor with optional buzzer alert for efficient order management.

Interchangeable plug-in interfaces are available including Serial, USB, Ethernet LAN with a separate MFi certified Bluetooth model also available. The TSP654IISK is also compatible with Star's unique HI X Connect interface with Star WebPRNT and Star CloudPRNT technology as well as hub functionality for printing on-line food orders and delivery labels.

- Fast 180mm/s linerless label printer with high quality guillotine cutter

- 80mm paper width (40mm and 58mm with supplied paper guides)

- Paper Taken Sensor for efficient order management

- Buzzer and cash drawer support

- Plug-in interfaces including USB, Ethernet LAN and HI X Connect. Separate MFi certified Bluetooth version available

- Star WebPRNT and Star CloudPRNT technology for printing from on-line ordering and delivery software without a local tablet or POS system.

star cloudPRNT

▶ **Star Paper Taken Sensor**

The TSP654IISK features a Paper Taken Sensor which can be enabled to hold each new label / order until the previous label has been taken. This assists efficient order management at busy times when mutiple orders are being processed. The taken sensor also allows the host software to know the time that the ticket was taken, how long after printing or how long before delivery the print job was started for increased efficiency.

TSP654IISK Specifications

Description	Direct thermal linerless label printer
Max. Print Speed	180mm/sec.
Resolution	203 dpi
Autocutter	Guillotine Autocutter
Media	MaxStick Plus Diamond linerless media rolls
Paper Width	80mm standard. 58mm or 40mm with supplied paper guides
