

HBS-FL7

LG TONE Free

Pure Audio with Meridian for immersive, stage quality sound

- Analog Spatial Processing extends the sound stage
- Meridian Digital Dither Shaping provides digital noise reduction

Versatile Design

- Wireless, Semi-Open Earbuds for comfortable and all-day wear

UVnano Charging Cradle Reduces Bacteria on the Earbud*

User Friendly

- Press and hold for instant access to the Google Assistant
- Fast Charging – 5 minutes of charging = 1 hour of use
- IPX4 Rated for Water & Sweat Resistance**

* According to independent testing conducted 10/2019, UV LED light built into charging case reduces *Staphylococcus aureus* and *Escherichia coli* on tip of the earbud closest to the ear canal.

** Water splashing against the enclosure from any direction shall have no harmful effect.
